

## Four Providers of Canadian Public Safety Solutions Named as IDC Innovators

**TORONTO, ON., June 4, 2018** — International Data Corporation (IDC) Canada today published an IDC Innovators report identifying four key emerging technology vendors in the Canadian public safety solutions market with revenue under C\$100 million. The four companies named as IDC Innovators are Aware360, HealthIM, Intelligent Mechatronic Systems and Miovision.

"The four vendors profiled here are applying mobile platforms and analytics in helping prevent and respond to accidents and medical emergencies" said [Mark Schrutt](#), Strategic Advisor, Public Sector & Innovation Research at IDC Canada. "These companies are developing technologies that focus on creating public safety tools, including health and safety solutions to reduce the severity and frequency of accidents. We believe the use of these public safety solutions is also critical in Smart City design, autonomous vehicle planning, and similar use cases."

- **Aware360** offers health and safety solutions to protect and prevent worker incidents regardless of their environment.
- **HealthIM** offers police tools for responding to mental health crisis situations, directing them to the most appropriate care.
- **Intelligent Mechatronic Systems'** DriveSync connected car platform delivers services, analytics and insights to improve transportation safety and driving behavior.
- **Miovision's** product portfolio enables cities to assess traffic safety and dynamically optimize transportation.

The report, *IDC Innovators: Canadian Public Safety, 2018 ( IDC # CA43235718 )* profiles four emerging technology providers offering public safety solutions using mobile platforms and analytics to meet their goal of preventing and responding to accidents and medical emergencies. This report was published into the [IDC Government Insights: Canadian IT Opportunity: Government](#) Program.

### About IDC Innovators

IDC Innovators reports present a set of vendors – under \$100M in revenue at time of selection -- chosen by an IDC analyst within a specific market that offer an innovative new technology, a groundbreaking approach to an existing issue, and/or an interesting new business model. It is not an exhaustive evaluation of all companies in a segment or a comparative ranking of the companies. Vendors in the process of being acquired by a larger company may be included in the

report provided the acquisition is not finalized at the time of publication of the report. Vendors funded by venture capital firms may also be included in the report even if the venture capital firm has a financial stake in the vendor's company.
