FRAMINGHAM, Mass., September 23, 2019 – IDC Financial Insights today announced FIS and IBM top the 2019 IDC FinTech Rankings Top 100 and Top 25 Enterprise respectively for the second consecutive year. The 16th annual IDC FinTech Rankings categorize and evaluate technology providers based on calendar year revenues from financial institutions for hardware, software, and/or services. Data is gathered from surveys completed by vendors, as well as original research and market analysis conducted by IDC Financial Insights. Two sets of rankings emerge from this process: IDC FinTech Rankings Top 100 and Top 25 Enterprise.

- The IDC FinTech Rankings Top 100 represents companies that derive more than 1/3 of their revenue from financial institutions.
- The IDC FinTech Rankings Top 25 Enterprise companies are enterprise/horizontal technology firms that provide products and services across multiple industries and have significant reported revenue in the financial services industry, but less than 1/3 of revenue from financial institutions.
