IDC FinTech Rankings & Real Results Definitions

IDC FinTech Rankings Top 100:

Solution providers that derive more than one third of their revenue from the financial services and FinTech industries AND across no more than two additional key non FSI industry verticals.

IDC FinTech Top 100 Emerging FinTech: Companies that were not ranked in the previous IDC FinTech Rankings program will be recognized in the Emerging FinTech category.

IDC FinTech Top 100 Fast Track FinTech: Companies ranked in the previous IDC FinTech Rankings program and have noticeably grown year over year on our rankings will be recognized in the Fast Track FinTech category.

IDC FinTech Rankings Enterprise 50:

Solution providers supporting four or more key industries yet have sufficient revenues from the financial services and FinTech industries to be ranked.

IDC Real Results:

Case Study-based program that recognizes IT providers that have enabled a genuine, measurable, and future enabling change at a client financial institution (bank, capital markets firm, or insurer) in the worldwide financial services industry. Winners announced along multiple categories and an overall winner based on points during judging.
